

Class of 2020

Tomorrow's engineers *today*

skills for **security**
tomorrow's engineers *today*

Congratulations to our **class of 2020!**

In 2020 Skills for Security saw 27 Apprentices completing their Fire, Emergency and Security Systems Apprenticeship who have now all successfully secured roles at companies across the UK.

This year's apprentices was by far the largest number in the UK and 2021 is forecasting a significant rise in apprenticeships taking place which we hope brings us nearer to closing the ever-growing skills gap in our sector.

Congratulations to all of you and best of luck in your future careers.

David Scott
Managing Director
Skills for Security

Apprentice of the Year **Matthew Aindow**

The Skills for Security Apprentice of the Year was awarded to Matthew Aindow, who scored 93% in his End Point Assessment.

Matthew has shown a tremendous work ethic whilst completing his apprenticeship this year. His energy and enthusiasm should see him go far in the fire and security industry.

Matthew has a real passion for the sector and his career, and we look forward to watching his journey closely as he now becomes a fully qualified Fire and Security engineer. The team at Skills for Security wishes him the very best for the future.
