

Installation

Installation Practices - **Security Only** - £650

- Intruder Alarm System Installation requirements and techniques to meet BS 8243 and PD 6662
- Video Surveillance Installation across Analogue and IP based systems covering an introduction to system networks
- Access control installation using switches, relays, system interconnections, the use of locking systems, and an introduction to system networking

3 Days - Theory and Practical - Face to Face

Installation Practices - **Multi-Skilled** - £750

- Installation requirements for Intruder Alarm Systems, Access Control and Video Surveillance
- Fire alarm installation requirements to meet BS 5839-1 across conventional and addressable systems

4 Days - Theory and Practical - Face to Face

Commissioning

System Commissioning - **Security Only** - £650

- Commissioning and programming requirements to meet relevant industry standards and COP, documentation requirements, being able to identify non compliances and faults for:

*Intruder Alarm Systems

*Video Surveillance Systems

*Access Control Systems

3 Days - Theory and Practical - Face to Face

System Commissioning - **Multi-Skilled** - £750

- Commissioning and programming requirements to meet relevant industry standards and COP, documentation requirements, being able to identify non compliances and faults for:

*Intruder Alarm Systems

*Video Surveillance Systems

*Access Control Systems

*Fire Alarm Systems

4 Days - Theory and Practical - Face to Face

Maintenance

System Maintenance - **Security Only - £650**

Applying the guidance of industry standard and COP for system maintenance as well as fault finding, system audit and special inspection during system takeover for:

- *Intruder Alarm Systems
- *Access Control Systems
- *Video Surveillance Systems

3 Days - Theory and Practical - Face to Face

System Maintenance - **Multi-Skilled - £750**

Applying the guidance of industry standard and COP for system maintenance as well as fault finding, system audit and special inspection during system takeover for:

- *Intruder Alarm Systems
- *Access Control Systems
- *Video Surveillance Systems
- *Fire Alarm Systems

4 Days - Theory and Practical - Face to Face
